

MARIN LOCAL AGENCY FORMATION COMMISSION

RESOLUTION NO. 23-10

RESOLUTION REAFFIRMING THE SPHERE OF INFLUENCE OF THE TAMALPAIS COMMUNITY SERVICES DISTRICT

WHEREAS upon determination and adoption of a sphere of influence, the Marin Local Agency Formation Commission is required to periodically review and update adopted spheres of influence for each city and special district not less than once every five years, as necessary, within Marin County under Government Code Section 56425 (g); and

WHEREAS the Executive Officer has conducted a review of the adopted sphere of influence of local government agencies in the Golden Gate Corridor area, prepared a summary, *Golden Gate Corridor Municipal Service Review*, including his recommendations thereon, the summary having been presented to and considered by this Commission; and

WHEREAS a public hearing by this Commission was held on the *Golden Gate Corridor Municipal Service Review* and staff's recommendations contained in that report on the date and at the time noticed thereof, and at the hearing, this Commission heard and received all oral and written testimony, objections and evidence which were made, presented or filed, and all persons present were given an opportunity to hear and be heard with respect to the proposal and the Executive Officer's report.

NOW, THEREFORE, based upon the information contained in the Executive Officer's report, correspondence from affected agencies and information received during the public hearings, the Marin Local Agency Formation Commission **DOES HEREBY RESOLVE, DETERMINE AND ORDER** as follows:

Section 1. The sphere of influence of the Tamalpais Community Services District is hereby reaffirmed as shown on Exhibit B attached hereto and incorporated herein by reference and the Commission makes the written determinations pursuant to Government Code section 56425(e) as provided for in Exhibit A attached hereto and incorporated herein by reference.

Section 2. Pursuant to Section 15061(b)(3) of the State CEQA Guidelines, the Commission finds that this review and reaffirming of the sphere of influence of the Tamalpais Community Services District is exempt from the provisions of the California Environmental Quality Act because it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.

Section 3. The Executive Officer is hereby directed to mail copies of this resolution to affected local government agencies in the Golden Gate Corridor area.

PASSED AND ADOPTED by the Marin Local Agency Formation Commission, on April 6, 2023, by the following vote:

AYES: Kious, Coler, Rodoni, Lucan, Murray, Burdo, Sanel

EXHIBIT A

TAMALPAIS COMMUNITY SERVICES DISTRICT SPHERE OF INFLUENCE DETERMINATIONS

GOVERNMENT CODE SECTION 56425

- 1) The present and planned land uses in the area, including agricultural and open-space lands.

Present and planned land uses in the adopted sphere of influence are governed by the Tamalpais Area Community Plan and the Marin Countywide Plan. Based upon the approved zoning regulations within the plan, the census-designated place that the District serves is essentially built out at this time.

- 2) The present and probable need for public facilities and services in the area.

The Tamalpais Community Services District's current facilities and services included in the Tamalpais Community Services District's sphere of influence are sufficient to provide those services to the area within the designated sphere of influence. The recently updated agreement with the Sausalito-Marín City Sanitary District ensures that necessitated outside services will continue for the foreseeable future without impacting the District.

- 3) The present capacity of public facilities and adequacy of public services that the agency provides or is authorized to provide.

The operating departments and public facilities of the Tamalpais Community Services District are adequate to provide service to the District's boundary and areas within its sphere of influence. The two agencies that provide the District with wastewater treatment, the Sausalito-Marín City Sanitary District and the Sewerage Agency of Southern Marin, each have sufficient remaining treatment capacity to support the District's wastewater collections at the currently projected potential buildout.

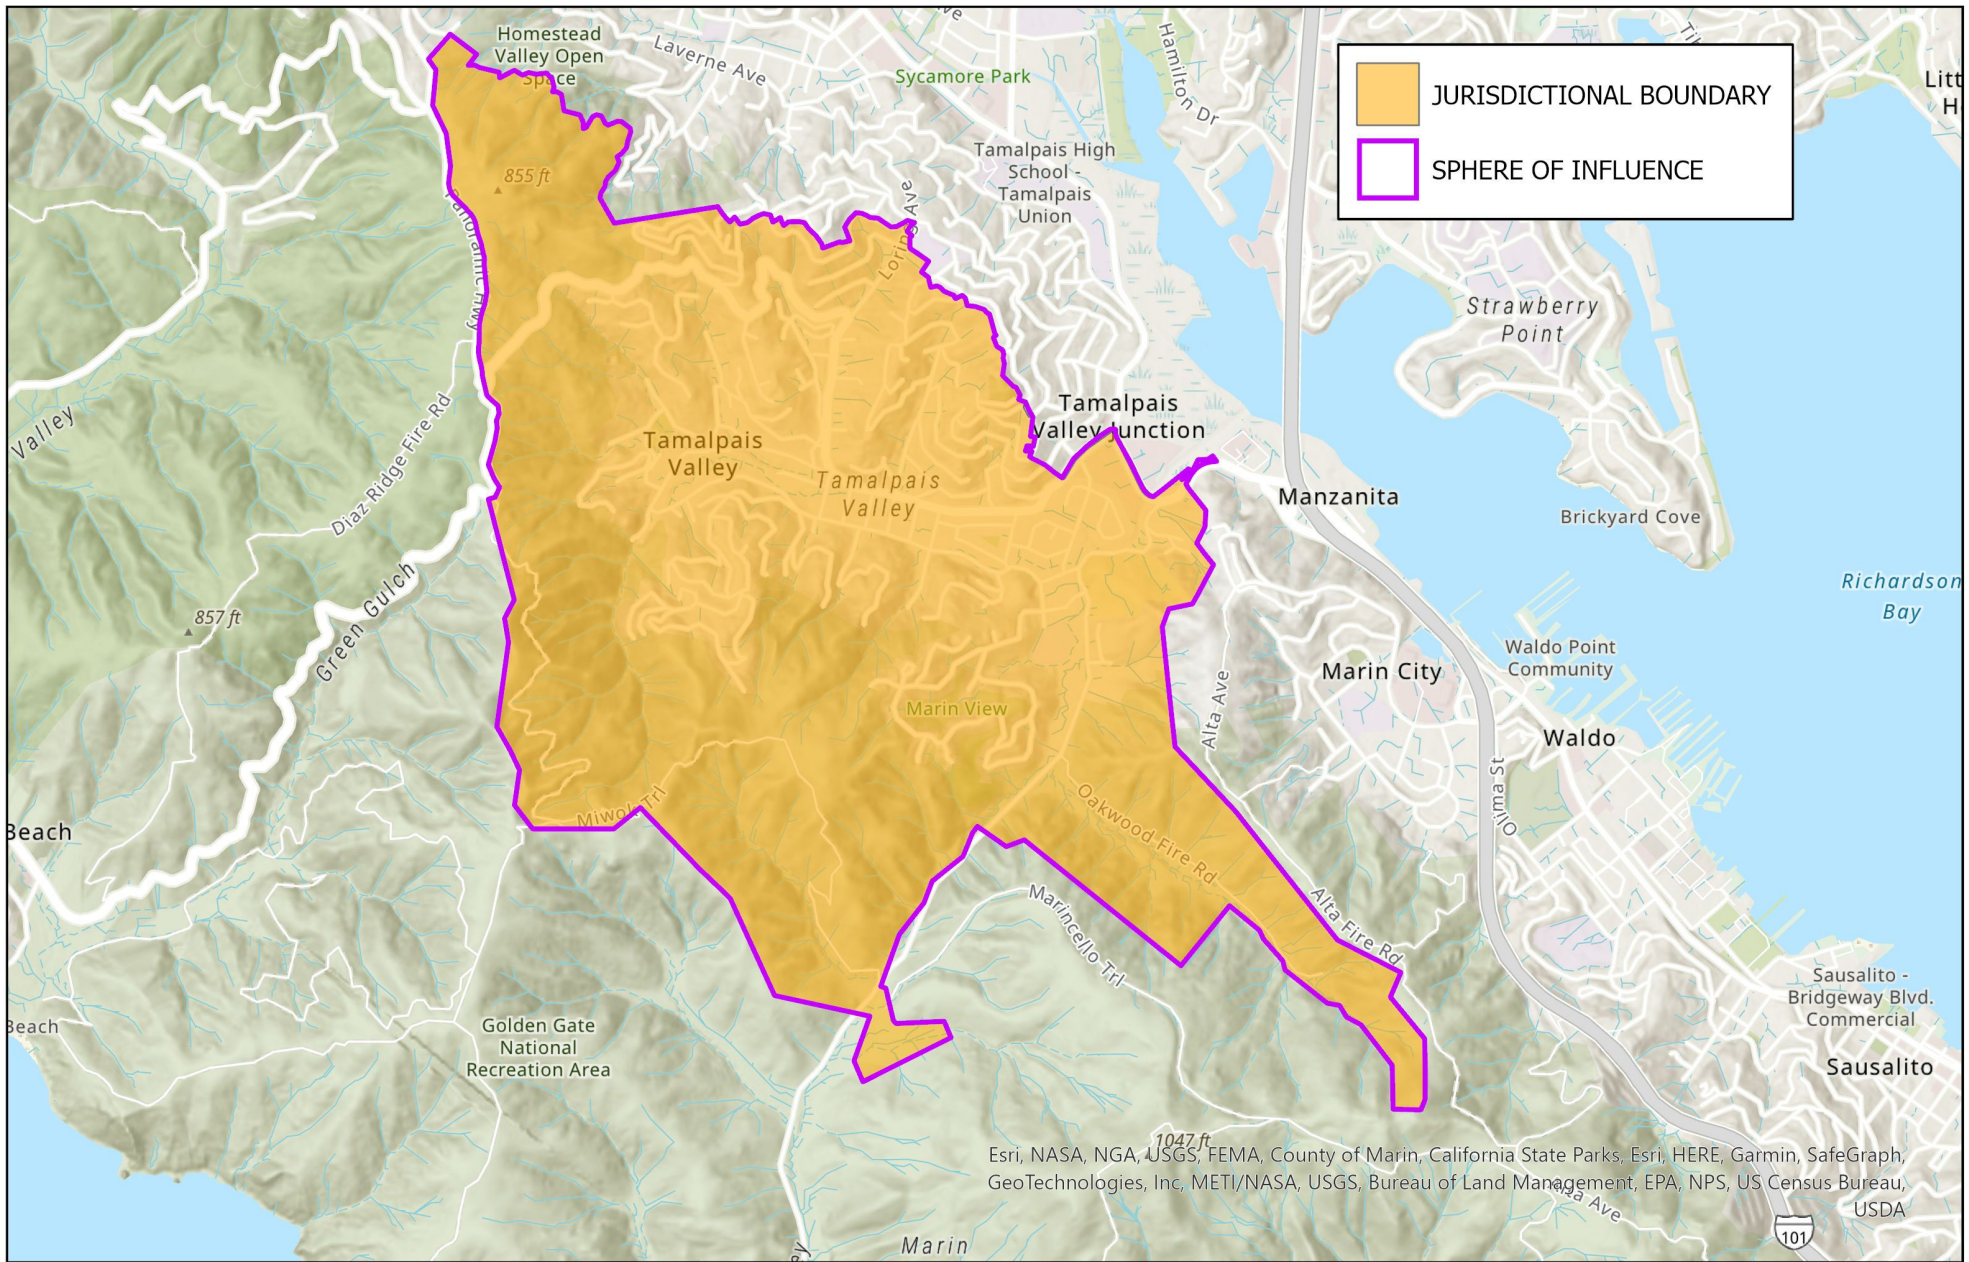

- 4) The existence of any social or economic communities of interest in the area if the commission determines that they are relevant to the city.

The Commission has determined that social and economic communities of interest between areas currently within the boundaries of the Tamalpais Community Services District and the area surrounding its jurisdiction are not relevant to the determination of the District's sphere of influence.

- 5) For an update of a sphere of influence for a city that provides public facilities or services related to sewers, municipal and industrial water, or structural fire protection, that occurs on or after July 1, 2012, the present and probable need for those public facilities

and services of any disadvantaged unincorporated communities within the existing sphere of influence.

There are no unincorporated communities within the existing sphere of influence that have been identified as disadvantaged.

Tamalpais Community Services District
